DETAILED ACTION

Election/Restrictions

1 Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 26-43 drawn to a ready to use composition for oxidation dyeing of keratin fibers and it's method of using.

Group II, claim(s) 44-45, drawn to a multi-compartment kit.

Group III claim(s) 46-47, drawn to a method for reshaping keratin fibers.

Group IV claim(s) 48-49, drawn to a ready to use composition for bleaching of keratin fibers and its method of using.

The inventions are distinct, each from the other because of the following reasons:

2 The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: All the components of the special technical feature are known. Therefore, because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

3 A telephone call was made to Thalia V. Warnement on July 21, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1751

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4 Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
